Class: 3
Subject: Science
Chapter: Air

Lecture sheet: Day 1

Class date: 13.06.20

Air – The invisible gaseous substance surrounding the Earth.

Feeling and finding air:

- We can find air as bubble
- We can feel air while riding a bicycle
- Air can move leaves of trees
- Air can move pieces of paper
- We feel air while using fan
- Air can move our hair
- Air can move clothes

air as bubble

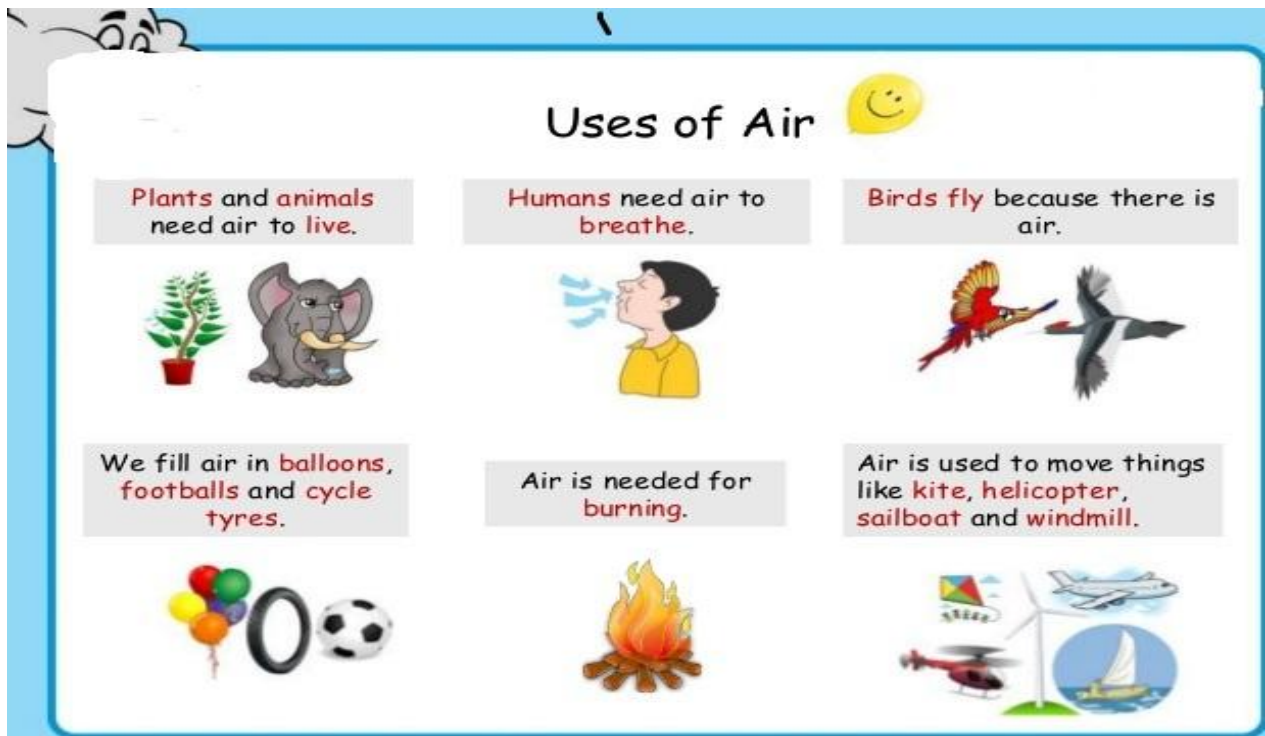

riding a bicycle

Air can move leaves of trees When we use fan

Uses of air:

- Plants use air to make food
- People breathe air
- To fill up tier of cars
- Sailboat moves across the water by using air
- To cool ourselves
- To cool home
- To fly a kite
- To fly plane
- Birds use air to fly
- To dry our hair

Exercises for Day 1

Short question

1. Define “air”.

Broad question

1. Write three uses of air.

Fill in the Blanks with appropriate words

- a) Plants need air to _____ food.
- b) Birds use _____ to fly.
- c) People _____ air.
- d) Air can move _____ of trees.
- e) Sailboat moves _____ the water by using air.

Answers

Short question

1. Air :
The invisible gaseous substance surrounding the Earth.

Broad question

1. Three uses of air:
 - Plants use air to make food
 - People breathe air
 - To fill up tier of cars

Fill in the Blanks with appropriate words

- a) make b) air c) breathe d) leaves e) across
-
