**4. Fill in the gaps with the words given in the box.**

building	earthquake	water	stairs	first-aid kit
desk/table	torch	earthquake	batteries	trees

Be prepared for (a) \_\_\_\_\_. They can happen at any time. Before earthquake keep some food and (b) \_\_\_\_\_ in your home. You will also need a (c) \_\_\_\_\_ because there may not be any electricity for a few days. You should have some (d) \_\_\_\_\_ for your torch, too. During an earthquake if you are in a building, get under a strong (e) \_\_\_\_\_. Do not run down the (f) \_\_\_\_\_. If you are outside, stay away from buildings or (g) \_\_\_\_\_. After an earthquake, do not go inside a (h) \_\_\_\_\_ unless it is safe. If you have any cuts, get your (i) \_\_\_\_\_ and cover the cut with a clean bandage. Sometimes there are aftershocks after an (j) \_\_\_\_\_.
