Date- 17/10/2020

4. Write down the answer of the following broad question:

Technology

A tool or process that makes our life better, easier and very comfortable. Example: television, refrigerator, telephone etc.

Technology in agriculture:

We use different types of technology for inventing agricultural tools such as, tractor, irrigation pump etc. We also use modern agricultural technology to produce diseases resistant and highly productive crops. We use technology in producing forest resources and creating new species of plants.
