

1)

We have a fruit basket. In the basket we have some oranges, bananas, apples and guavas. Express the number of the fruits on a tally table and after that convert tally marks into numeral characters. And then find the total number of fruits.

**Solution:** The tally table is given below:

Name of fruits	Tally marks	Number
Orange		5
Banana		4
Apple		3
Guava		3
Total		15

2) This is the memo of the sales of various vegetables in a shop. Write the total with a numeral characters.

Vegetables	Tally marks	Total
Lemon		
Cabbage		
Cauliflower		
Pumpkin		
Total		

Solution:

The tally table is given below:

Vegetables	Tally marks	Total
Lemon		48
Cabbage		27
Cauliflower		35
Pumpkin		14
Total		124
